**ATLANTIC ALUMINUM &
MARINE PRODUCTS, INC.**

Atlantic Aluminum & Marine Products, Inc. is a family owned & operated manufacturer specializing in high-quality, innovative products for the marine construction, marina and general construction industries.

Our extensive line of products is fabricated by AWS-certified welders in our newly expanded facilities in Lantana, Florida. We specialize in customizing products to meet each customer's unique needs.

Our satisfied customers include state and local municipalities, privately owned marinas, marine construction companies and general contractors not only in Florida, but across the United States, Canada and the Caribbean.

All prices shown are retail. Atlantic Aluminum & Marine Products offers a variety of discount programs, available to approved industry professionals, for volume purchases.

Please call us for details on the substantial discounts available.

- FloatStep® Dock Ladders
- FloatStep® Universal Dock Ladders
- Frames, decks & docks
- Marine Ramps & Gangways
- Stand Up Paddle Board & Kayak Racks

We are the exclusive manufacturer of the award-winning, patent-pending FloatStep® Dock Ladder.

The Floatstep® Original

- Provides safe access at any water level or tide.
- The ONLY dock ladder that remains out of the water when not in use, reducing electrolysis, corrosion and marine growth.
- The ONLY dock ladder that automatically adjusts to water level changes.
- The ONLY mechanical dock ladder without any pinch points.
- More welds per step than the competition for added strength and safety.
- Durable molded plastic float with a buoyancy control valve.
- High quality plastic bushings provide a smooth, effortless track system.
- Standard full-length handrail to assist when using.
- Adapts to various dock systems.
- Float Trak system available.

The Floatstep® Universal

- Affordable, cost-effective safety ladder for marinas.
- Patent-pending design is compact and saves space.
- Provides safe access at any water level, tide or dock height/freeboard.
- Wide 3" slip-resistant steps.
- Remains out of the water when not in use, reducing electrolysis, corrosion and marine growth.
- Concealed track system guards against pinch points.
- Durable molded plastic float with a buoyancy control valve.
- High quality FloatTrak™ system prevents binding.
- Adapts to virtually any dock system.
- Removes easily from dock and attachment bracket.
- Available in 3 and 4 step models.

Compare Defend-Her Dock Fenders with the competition and you'll quickly see why we can offer the industry's best warranty!

Defend-HER Dock Fenders

- Provides maximum protection for vessels without marking or damaging the hull.
- Installs easily on the outside face of dock and mooring pilings.
- Impervious to ultra-violet exposure, fuels, oils, acids and marine organisms.
- Recycled plastic lumber base – NO WOOD.
- Fastens to base with high quality stainless steel screws – NOT nails.
- Features the industry's best 12-year limited warranty.
- Pre-drilled mounting holes for easy installation to dock and/or pilings.
- Bolts to our Aluminum Fender Brace when pilings are not present.
- Custom dock fender applications and sizes are available upon request.

Dock & Mooring Pile Caps

Dock & Mooring Pile Caps

- Designed to extend the life of dock and mooring piles.
- Cone shaped piling caps keep birds from roosting.
- Prevents moisture from working down through the inside of the piling and rotting from the inside out.
- Round pile caps are available in black or white; cone or flat and in 1/2" increments from 6" – 18".
- Square caps are available in black or white; cone or flat and in either 10" or 12" sizes.

Please call for sizes and prices.

Terms & Conditions

Accounts

Accounts can be established after our credit application is completed and comes back approved. Terms for established accounts are NET 30, unless otherwise stated. Terms and accounts are available to the business community only. A non-refundable deposit is required for manufactured items and custom orders. Non-account sales are by check, cash or credit card. All payments in USD.

Pricing

Prices are subject to change without notice. Wholesale pricing to select accounts only.

Returned Checks

Returned checks will be assessed a fee plus any applicable bank charges in accordance with Florida Law F.S. 68.065.

Delinquency

Invoices not paid according to current terms will be charged a late fee until paid in full. Any account holder whose account is sent for collection will be responsible for collection fees.

Returns

Items will only be considered eligible for return if they are in re-saleable condition. All returns must be authorized by management and the account may be charged with a restocking fee. Non-stocked items are non-returnable.

Shipping/Freight/Delivery

All shipments are F.O.B. Freight and shipping cost can be added to the invoice and will be included in the total amount due. Items that do not qualify for quoted freight rates and have a surcharge assessed will become the buyer's responsibility.

Risk of Loss

The customer is held responsible for inspecting any shipment prior to signing for it. Atlantic Aluminum and Marine Products are not responsible for shipping loss or damage. Insurance can be purchased at buyer's expense and request.

Warranties

Warranties for products not manufactured by Atlantic Aluminum and Marine Products will be the original manufacturer's warranty extended to the end user. Warranties for products manufactured by Atlantic Aluminum and Marine Products will vary and are supported by Atlantic Aluminum and Marine Products.
